المملكة العربية السعودية  
KINGDOM OF SAUDI ARABIA

levating Infrastructure. Building Legacies.

## GREYSTONE EST GENERAL CONTRACTING

A Legacy of Precision in Saudi Arabia For over 15 years, Greystone Est has been a cornerstone of the Saudi Arabian industrial and construction landscape. We don't just build structures; we engineer the future of the Kingdom. With a distinguished reputation for excellence and a portfolio of 100+ successfully delivered projects, we provide the technical expertise and strategic vision required to bring the most ambitious blueprints to life.

Our approach is simple: Uncompromising quality, total transparency, and a relentless pursuit of client satisfaction. The Greystone Impact

- 15+ Years of Unrivaled Industry Expertise
- 100+ Completed Projects Across the Kingdom
- Zero-Compromise Safety & Quality Standards  
Our Core Pillars

### Our Mission

Defining the Standard To serve as the Kingdom's premier construction.

partner by integrating cutting-edge engineering with disciplined project management.

We aim to lead through innovation, ensuring every project is a testament to high-credibility and successful execution.

### Our Vision

Building the Future To be recognized globally as a symbol of Saudi excellence in general contracting driving economic growth through wise investments, sustainable practices, and the continuous evolution of construction technology.

## Our Services

### Civil & Mechanical Works

We provide complete range of civil, structural, mechanical, electrical and instrumentation services.

### Equipment Rental

We provide quality rental equipment certified with aramco and TUV.

### Material Supply

We offer all kinds of materials related to the oil, gas, petrochemical industries and Medical Industries.

### Man Power Supply

Long term, Short term and emergency Manpower Skilled & unskilled workers.

# Pipeline equipments and Solutions

We provide the wide range of activities involved in the construction, operation, and maintenance of pipelines. on type from heavy loads to last mile

## We are specialised in the field of

- Hydraulic internal lineup clamp
- Mechanical internal lineup clamp
- Pipe roller cradle & sling
- Pipe pushing rollers
- Pipe lowering -in belts
- Classic torch holder
- Chain type pipe cutting machine

## Excellence in Civil Engineering & Contracting

### 1. Earthworks & Site Preparation

At Greystone, we understand that every landmark begins with a solid foundation. Our site preparation services ensure the ground is perfectly primed for complex structural demands.

- 🕒 **Bulk Excavation & Grading:** Precision clearing and leveling for large-scale industrial and residential sites.
- 🕒 **Soil Stabilization:** Specialized techniques to improve soil load-bearing capacity, essential for the diverse Saudi terrain.
- 🕒 **Backfilling & Compaction:** Utilizing high-grade materials and rigorous testing to ensure zero-settlement foundations.

### 2. Concrete Structural Works

Greystone combines traditional craftsmanship with modern technology to build structures that last for generations.

- 🕒 **Reinforced Concrete (RCC):** Expert casting of high-rise frames, shear walls, and massive rafts.
- 🕒 **Foundation Systems:** From isolated footings to complex pile caps and deep-foundation systems. Pre-cast Installation: Seamless integration of pre-cast elements to accelerate project timelines without compromising quality.

### 3. Industrial Civil Works

Greystone provides the rugged, high-spec civil engineering required by the energy and manufacturing sectors.

- 🕒 **Machine Foundations:** Specialized high-strength concrete bases for heavy industrial machinery and turbines.
- 🕒 **Containment Systems:** Construction of bund walls and specialized lining for chemical or water storage.
- 🕒 **Steel Structure Foundations:** Precise anchor bolt placement and footing for warehouses and industrial sheds.

### 4. Specialized Engineering Solutions

Greystone doesn't just build; we solve complex engineering challenges through advanced technical applications.

- 🕒 **Deep Foundation Systems:** Expert execution of bored piling, CFA piling, and diaphragm walls for high-load structures. Dewatering Services: Comprehensive groundwater management systems for coastal and deep-excavation projects. Slope Protection: Implementation of shotcrete, rock bolting, and retaining wall systems to ensure site stability in varied terrains.

### 5. Infrastructure & Smart City Support

In line with the Kingdom's "Smart City" initiatives, Greystone integrates modern technology into the very ground we break.

- 🕒 **Fiber Optic Ducting:** Precision trenching and installation for high-speed telecommunications networks.
- 🕒 **District Cooling Civil Works:** Specialized trenching and structural support for large-scale cooling pipes. Sustainable Drainage: Construction of SuDS (Sustainable Urban Drainage Systems) to manage flash flooding and water conservation.

## Manpower Supply

We provide the best Manpower services. Be it skilled engineers, technicians, supervisors or skilled labours for construction and maintenance in Civil, Mechanical, or E&I fields.

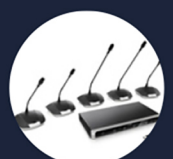

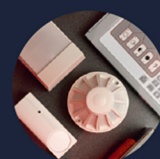

- 🕒 QC Managers
- 🕒 Qc Inspectors
- 🕒 Engineers
- 🕒 Riggers
- 🕒 Permit Receivers
- 🕒 Supervisors
- 🕒 Operators
- 🕒 Skilled Technicians
- 🕒 Skilled Labors
- 🕒 Mechanical Fitters

## Security Systems

Our security systems protect your stuff with cameras and controls. You can focus on your work without worrying about safety.

- 🕒 SURVEILLANCE CAMERAS
- 🕒 ACCESS CONTROL
- 🕒 INFRASTRUCTURE & CONNECTIVITY
- 🕒 FIRE ALARM
- 🕒 INTRUSION
- 🕒 AUDIO VISUAL (AV)

# Equipments

**GREYSTONE EST**  
GENERAL CONTRACTING

**SIDE BOOM**

**BULLDOZER**

**EXCAVATOR**

**TELE HANDLER**

**WATER TANKER**

**COMPACTOR**

**FRONT & BACK  
HOE LOADER**

**BOOM TRUCK**

**DUMP TRUCK**

**WHEEL LOADER**

**FLAT BED TRAILER**

**MOTOR GRADER**

**ARTICULATED  
DUMP TRUCK**

**TOWER LIGHTS**

**CRANE**

**GENERATOR**
